Foreword

As President of the Manitoba Curling Association it is my pleasant duty to extend to all Curlers my best wishes for a successful year of good curling and good companionship.

The 73rd Annual Association Bonspiel opens in Winnipeg on Monday, February 6th, 1961, and I extend to you a sincere invitation to attend this event, which will be played almost entirely on artificial ice.

Your Executive Council and Standing Committees have plans for a large entry, we had 458 rinks last year, and they are also arranging details so that your stay in Winnipeg may be enjoyable.

The Curlers of this City are looking forward with pleasure to meeting old friends of the ice lanes and know that new friends will be made before the week of curling and good fellowship has ended.

I hope to meet many of you during the 73rd Annual Bonspiel.

AB. W. BROWN,
President,
Manitoba Curling Association.

MESSAGE FROM PREMIER DUFF ROBLIN

It is my pleasure to once again send a message of congratulations and good luck to all curlers in the Manitoba Bonspiel, a Manitoba tradition to which we point with increasing pride as your numbers grow.

Curling has played an important part in the life of our province since its earliest days—it continues to be a popular and beneficial way in which Manitobans may unite together in the friendly rivalry of competition and in the fellowship of shared enthusiasm.

As you pit skill against skill, as you applaud your team-mate's and your opponent's well-thrown rock—as you experience the wins and losses and come back eager for another try—you are exhibiting those qualities of sportsmanship and citizenship that we rarely express in words but admire with a hearty handshake and a friendly thump across the shoulders.

The Manitoba Bonspiel is a highlight of winter sports in the province. May those of you participating have a "roarin' time as you play the roarin' game."

DUFF ROBLIN,
Premier of Manitoba.

A MESSAGE FROM THE MAYOR

I am indeed pleased to again have the opportunity to extend my personal good wishes to the Curlers taking part in the Manitoba Curling Association's 73rd Annual Bonspiel.

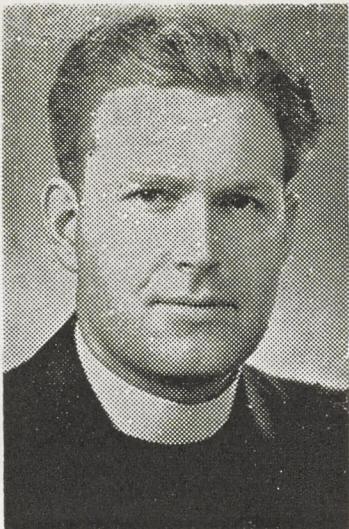

Winnipeg is proud of the part our citizens have played in maintaining the high ideals of the Association.

The traditional atmosphere of goodwill will again be exemplified in this year's Bonspiel, and the citizens of Winnipeg, I am sure, will assist you in every way to make your visit a memorable one.

STEPHEN JUBA,
Mayor.

As Chaplain of the Manitoba Curling Association, it gives me much pleasure to welcome you to our Annual Bonspiel.

Curling has a large place in the life of westerners. From freeze-up until the spring thaw thousands of our people come together in their communities for the roarin' game. It is a fiercely competitive game yet through it there come wonderful comraderies.

Much is being done to make your participation in the Bonspiel an enjoyable occasion. You will meet old friends and will have opportunity to make new acquaintances. Day after day you will match your skills against some of the finest rinks in Canada.

The traditional Bonspiel Service of Worship will be in Westminster United Church, Westminster and Maryland, February 5th at 7 p.m. We invite you to be present for the service and to join in a social hour afterward. (An Academy or a Stafford bus will take you to the door of Westminster from downtown.)

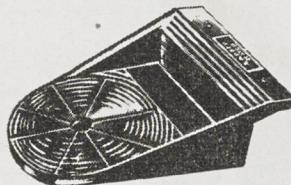

With best wishes,

NELSON R. MERCER,

Chaplain

GENERAL BONSPIEL RULES

1. Number of draws each day and times will be decided and published by the Ice and Draw Committee. All games shall be ten ends unless changed on the published draw sheets by the Ice and Draw Committee.
2. At starting times umpires shall give starting signal, first in waiting rooms, and immediately after on the ice. All rinks to be on the ice upon which they are drawn to play at the time at which they are drawn to play.
3. If competing rinks are not on the ice ready to play when signal is given, and opponents are ready to play, the umpire shall score against the late rink one point for every fifteen (15) minutes or fraction thereof it is late; such penalty points to be marked on score cards by umpires and must be considered in the total score of the game. Opponents of late rinks must accept points marked on score cards by umpires and on no account can these points be waived by mutual consent or otherwise. One end will be considered played for every point so scored.
4. In the event of both competing rinks being unready to play when signal is given, the umpire will score one point for each rink and one end will be considered played for every fifteen (15) minutes or fraction thereof they are late. In no case shall any game be commenced over one hour late, except at the discretion of the Ice Committee.
5. When ten-end games are being played umpires will signal for completion of game at two hours and ten minutes after the start of each draw, and when twelve-end games are being played umpires will signal at two hours and forty minutes after the start of each draw and games must finish with the completion of the end being played, plus one more end, excepting any game which may be tied at the completion of that end, such tie games to proceed until a point is scored to decide the game. A rock must have been thrown by a player before an end can be said to be in progress of being played.
6. When five penalty points in a ten-end game or a twelve-end game have been scored against a rink in default for being late in accordance with the foregoing rules, the umpire shall immediately declare the opposing rink the winner of that game and shall report accordingly, and the committee shall take that game as having been played.
7. The two vice-skips opposing each other shall settle by tossing a coin which rink shall lead in the first end actually played.
8. Rinks must play with the rocks provided on the sheet of ice. Under no circumstances will players be allowed to use their own rocks; nor can rocks be moved from one sheet to another.
9. Except for the first game in the bonspiel, if one player on a rink be not on hand at starting time, three players may proceed with the game in accordance with the Rules of the Game, paragraph 12. The player coming late may sweep as soon as he comes upon the ice, but cannot play his stone until after the completion of an end; with the following exceptions: A skip or third may play if he comes upon the ice before the second has delivered more than two stones, a second may play if he comes upon the ice before the lead has played more than two stones.
10. The Manitoba Curling Association will insist that all curlers living within the jurisdiction of the Manitoba Curling Association, to enter in the bonspiel, shall be active or resident associate members of an affiliated club and wherever possible a rink must be composed of members of the same club. If members of one club find it impossible to make up a complete rink of four men, then it will be permissible to fill the rink with members in good standing from some other club affiliated with the Manitoba Curling Association, but rinks so constituted shall not be eligible for the British Consols Competition. In all cases the consent of both or all clubs concerned shall be given. The

Council of the Manitoba Curling Association reserves the right to drop from bonspiel play any rink which is not composed fully of members in good standing of an affiliated club or clubs. A member in good standing is one who pays the annual dues set by that club for active playing or resident associate members. In the event of a member of a club located in Greater Winnipeg playing with a rink from outside the district of Greater Winnipeg, such member must pay bonspiel entry fee as set for Winnipeg and district curlers.

11. Umpires shall use measuring sticks in general use at the club to determine whether or not a rock is a counter on outer ring.

12. Rinks entered in any competition must have four active players and go through the Open Events with the four named players as entered on official entry form, subject to Rule 12 of Rules of the Game, no substitute being allowed. All players must be in good standing in their respective clubs at least thirty days prior to the Bonspiel.

13. Personnel of rinks must be as entered on the official entry form and they shall play in the position fixed by the skip in the playing of the first end of any game. No change in position played shall be made once the game has started.

14. In the event of a rink becoming incapacitated through illness or unavoidable absence of any player, no substitute player may be entered but the three remaining members may continue to play. No sweeper is allowed for an absentee, and no rink will be allowed to continue with less than three members.

15. Unless otherwise provided in the rules governing the competition or as set out by the Ice and Draw Committee, ten ends shall be played in each successive game, and in the event of the score being tied when ten ends have been played an extra end or ends shall be played until the winner is decided.

16. In the event of any disagreement between skips, the umpire shall be asked for a decision. In the event of his decision being disputed by either or both of the contestants (skips), the matter may be appealed to the Chairman of the Ice Committee and his decision shall be final.

17. The umpire at the close of each game, shall, together with the losing skip, sign the score cards.

18. In the opening round of any bonspiel event rinks will play as drawn regardless of the club to which they belong.

19. All trophies, tankards and cups, shall, unless otherwise provided for, remain the property of the Association; but winners of such, who may desire to retain them for any stated time, may have them upon giving ample security for their safe return.

20. Photograph of all cup winners will be taken at the rink immediately after the final game. This will be done at the cost to the Association. Any-one wishing copies will have to place their order direct with the photographer at their own expense.

21. In connection with competition, where the question is raised as to whether a game is played or defaulted, it shall be understood that all games where six ends or more have been played the game shall be considered a played game and all games called prior to the completion of the sixth end by the Ice Committee shall be declared no contest and redrawn, the contestants to start from scratch on new draw.

22. Where no specific rule is given to apply to competition, then the General Rules of the Manitoba Curling Association shall apply. Should any emergency arise during the time of the Bonspiel, the Ice and Draw Committee may change General Bonspiel Rules.

THE RINK AND RULES OF THE GAME

While the main object of matches between clubs is to determine their relative skill in the game it should ever be borne in mind that the ultimate object of Curling is to develop a manly recreation and to promote goodwill, kindly feeling and honorable conduct among those who take part in it, and this sentiment should influence both the interpretation and the application of all rules.

THE RINK

1. The length of the Rink from the hack to the tee shall be 126 feet.
2. The tees shall be 114 feet apart—and, with the tees as centres having a radius of 6 feet—a circle shall be drawn, additional inner circles having a radius of 4 feet, 2 feet and 6 inches may also be drawn.
3. From and in exact alignment with both tees, a line called the centre line shall be drawn to a point 12 feet behind each tee. At this point, lines 1 foot 6 inches in length shall be drawn at right angles to the centre line on which a hack shall be cut or made. The hack shall not exceed 8 inches in length, the inner edges of such hack shall not be more than 3 inches from the centre line, so that all stones shall be delivered with their centre upon the centre line.

Standard molded rubber curling hacks and cast iron cups used to install the rubber hack are recommended for use in all curling clubs.

The hack shall be of such a depth and width to permit the insertion of the Dominion Curling Association standard rubber hack

The upright wooden back of the hack, if possible, should be flush with the ice surface.

4. Other lines shall be drawn across the rink at right angles to the centre lines as in the diagram, viz.:

- (a) A "Hog Line" distant from each tee, one-sixth part of the distance between the "foot-line" and the farther tee
- (b) A "Sweeping Line" across each 6 foot circle and through each tee.
- (c) A "Back Line" behind and just touching outside each 6 foot circle.

Note: In forming rinks the Diagram shall be referred to.

THE RULES OF THE GAME

5. All curling stones shall be of a circular shape. No stone including handle and bolt shall exceed 44 lbs. or of greater circumference than 36 inches, or of less height than $\frac{1}{8}$ th part of its greatest circumference.
6. No stone shall be substituted for another (except under Rule 7 or Rule 17) after a match has started, but the sole of a stone may be reversed at any time during a match, provided the player be ready to play when his turn comes.
7. Should a stone be broken, the largest fragment shall be counted for the end—the player being entitled to use another stone or another pair, during the remainder of the match.
8. Any stone which rolls over, or comes to rest on its side or top, shall be removed from the ice.
9. Should the handle quit the stone in delivery, the player must keep hold of it. otherwise he shall not be entitled to replay the shot.
10. Every stone which does not clear the "hog line" shall be called a "hog" and must be removed from the ice, but no stone shall be considered a "hog" which has struck another stone lying in position. A stone coming to rest after passing the "back line" and being clear of it must be removed from the ice.
11. All matches shall be of a certain number of "ends" or "shots" or "by time" as may be agreed on or as fixed by an umpire at the outset. In the event of competitors being equal, play must be continued by all the rinks engaged for one or more ends as may be agreed on, or as may be "fixed" by the umpire until the match has been decided.

12. Every rink of players shall be composed of four a side, each player using two stones, and playing each stone alternately with his opponent. No player shall wear boots, tramps, or sandals with spikes or other contrivance which may break or damage the surface of the ice. The rotation of play observed during the first end of the match or game or competition shall not be changed. Any rink not having its full complement

of four players shall be disqualified, except in the case of illness or accident during the competition. If the skip, the vice-skip or the second player is absent, the lead shall play four stones in the proper rotation as lead and second player. If the lead is absent, the second player shall play four stones in the proper rotation as lead and second player.

13. The skips opposing each other shall settle by lot or in any other way they may agree upon, which party shall lead at the first end, after which the winners of the preceding end including extra ends if any, shall do so.

14. The skip shall have the exclusive direction and control of the game for his rink, and may play last stone, or any position in the game he pleases, but he shall not be entitled to change his position when that has been fixed. When his turn to play comes, he shall select one of his players to act as skip in his place, and take the position of an ordinary player. No other player may act as skip except the one so designated at the start of the match. The skip may return to the tee for consultation with the acting skip. Any consultation or discussion by the skip, other than with his vice-skip shall not be conducted in or behind the rings.

15. Players during the course of each end shall be arranged along the sides, but well off the centre of the rink, as the skips may direct; and no one except the playing party and his sweepers, shall go upon the centre of the rink. Skips and/or vice-skips may stand within the circle. The skip of the playing party shall have the choice of place, and shall not be obstructed by the other skip or vice-skip in front of or behind the sweeping line, but behind the sweeping line the privileges of both shall be equal. No other player than the skips acting for the time being may stand behind the circle while play is proceeding.

16. Each player must play from the hack and in the delivery of the stone, no part of the foot on which the player is sliding shall touch the nearest hog line. Left handed players shall play from the hack placed on the right hand side of the centre line and right handed players shall play from the hack placed on the left hand side of the centre line. No player may hold his stone and return to the hack for another delivery once the rock has crossed the nearest sweeping line. In the event of an infraction the rock shall be removed from the ice by the playing side.

Stones delivered from the wrong hack (or by a player, any part of whose foot on which he is sliding, shall have touched the nearest hog line) shall be removed from play by the playing side immediately after the player has delivered his stone. However, if the stone so played has come to rest or struck another stone, the played stone shall be removed and the displaced stone or stones be placed as nearly as possible where they originally were to the satisfaction of the opposing skip. Both skips should agree upon the position, but failing agreement the umpire shall decide.

17. Each player must be ready to play when his turn comes and must not take more than a reasonable time to play. Should a player play a stone belonging to the other side the stone which ought to have been played shall be put in its place.

18. If a player should play out of his turn the stone so played may be stopped in its progress and returned to the player. Should the mistake not be discovered until after the stone has come to rest or has struck another stone the end shall be continued as if it had been played properly from the beginning, but the missed stone shall be played by the player missing his turn as the last stone from his side for that end. If after consultation with the rinks and the umpire or a neutral curler thoroughly conversant with the rules, it has been agreed that a stone has been missed and it is impossible to decide which player has missed playing the stone, the lead shall play the last stone for his side for that end.

19. The sweeping shall be under the direction and control of the skips. The players, party may sweep the ice from the sweeping line next to the player playing to the sweeping line at the other end and any stone set in motion by a played stone may be swept by the party to which it belongs in front of the sweeping line but behind the sweeping line both skips shall have equal rights as per Rule 15. Only the skip or vice-skip of each rink directing play at the time shall be allowed to sweep behind the sweeping line. When snow is falling or drifting the player's party may sweep the ice from hack to hack. The sweeping shall always be to a side and all sweepings shall be removed from the rink. At the conclusion of the end either of the skips may call upon all players to clean and sweep the entire rink. If objected to, this shall be subject to the approval of the umpire.

20. (a) If, in sweeping or otherwise, the course of a running stone be affected by any of the party to which it belongs, it shall be removed from play, by the playing side, but if by any of the adverse party, it shall be placed where the skip of the party to which it belongs shall direct. Should the position of any stones be altered by such affected stone the skip opposed to the party at fault shall have the sole right to replace them.

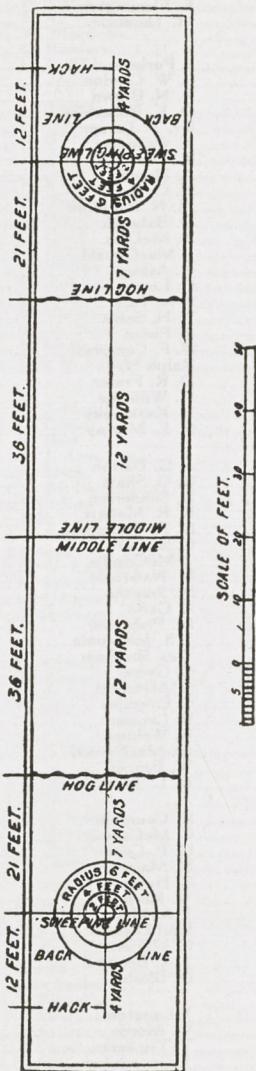

(b) Should any played stone be displaced before the end is reckoned, it shall be placed as nearly as possible where it lay, to the satisfaction of the skip opposed to the party displacing. If displaced by any other party, both skips should agree upon the position to which it is to be returned, but if they do not agree, the umpire shall decide.

21. All games shall be decided by a majority of shots. A rink shall score one shot or point for every stone which is nearer the tee than any stone of the opposing rink. Every stone which is not outside the outer circle shall be eligible to count. All measurements shall be taken from the tee to the nearest part of the stone. Disputed shots shall be determined by the acting skips; if they disagree, by the umpire; or when there is no umpire, by a neutral curler chosen by the skips. No measuring of stones shall be allowed previous to the termination of the end except by the umpire when necessary for the umpire to decide whether or not a stone is alive.

22. On appeal from any competing skip, in any competition the umpire or the committee appointed for the purpose shall have the right to declare whether or not the ice is playable. In every case of postponement to another day the competition when renewed must commence "de novo."

EARL BURKETT
Flin Flon

LEW MOORE
Emerson

STEVE OLIVER
Selkirk

HONORARY LIFE MEMBERS 1960

EARL BURKETT first saw the light of day on his father's homestead in the Gilbert Plains district of Manitoba in July, 1896, and received his public and high school education there. He commenced his apprenticeship in the drug business in 1912 and in March 1915, joined the army and served overseas until July, 1919, then entered the University of Manitoba from which he graduated as a qualified pharmacist and continued in this calling until 1935 when he moved to Flin Flon and worked with the Hudson Bay Mining and Smelting Co. Limited for ten years. He purchased a drug store in Flin Flon which he still operates along with a second store in Lynn Lake.

In Curling, he started the roaring game in the winter of 1909-10 under the watchful eye of such curling stalwarts as the late Pete Robertson and Judge J. G. Cory, and Earl maintains that the Gilbert Plains Curling Club was the first in Manitoba to ever admit junior curlers. He has been an ardent curler since his boyhood days and has attended many Bonspiels in both Manitoba and Saskatchewan. Made a life member of the Gilbert Plains Club in 1951 and in 1957 a life member of the Flin Flon Club. In 1947 he set up and sponsored the Burkett event, a primary in the Flin Flon Bonspiel, and has continued to do so ever since. He also sponsors a primary event in the Flin Flon Ladies' Bonspiel and opened and sponsored in 1950 the Burkett event in the Gilbert Plains Bonspiel, which is now being carried on by his brother.

LEW MOORE was born in Emerson, Manitoba, in 1913 and moved to Winnipeg in the thirties at which time he joined the Elmwood Curling Club, serving on the Executive until enlisting in the R.C.A.F.

Joined the Emerson Club in 1947. Served ten years on the Executive and was President in 1954-55, the 75th anniversary of the club. Assisted in Bonspiel set-ups and club draws for Walsh, Langdon, St. Vincent and Eau Claire Curling Clubs; also in organizing the Letellier Club. Second Vice-President of the Manitoba Curling Association in 1958, Chairman of Zone 2, British Consols, since re-organization of districts. Lew is the first front of contact for clubs south of the 49th Parallel who consider him their ever-willing guide and helper.

STEVE OLIVER was born at Blaine in the State of Washington on the 6th day of August, 1904, and commenced his curling career in 1926 when he joined the club at Selkirk, Manitoba, where he immediately commenced working for the game.

He served on the Executive of his club for many years, was President for the 1937-8 and 1938-9 seasons and has played 25 years with his home club. Attended the Manitoba Curling Association Bonspiels from 1938 to 1948 without a break and has been in several since that time.

Steve served as Third Vice-President of the Association during the 1957-58 season.

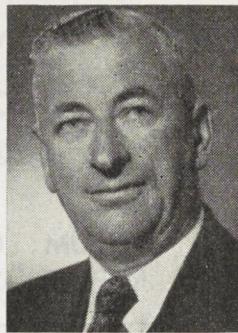

During his term as Mayor of Selkirk he was considerably in the news for his canoe races and other friendly challenges to several mayors of our locality.

WM. G. PECKOVER
Sperling

SID HENDERSON
Winnipeg

MIKE KAMINSKY
Winnipeg

WM. G. PECKOVER was born at Sperling, Manitoba, on August 3rd, 1910, and has resided there ever since except for a couple of years spent at the University of Manitoba. Commenced curling under the guidance of his dad in 1922 and attended his first Manitoba Curling Association Bonspiel in 1934. Later was the Skip of the "notorious" Peckovers Brothers rink which had fair success at finishing in the jewellery, but never succeeded in taking home a trophy. Organized the first Sperling Bonspiel in 1938 and has given assistance to many other clubs in organizing their Spiels. A great attender of local Spiels in his neighbourhood but pressure of business prevents his attendance at the big Spiel, he says.

President of his home club for Season 1938-39 and Secretary for innumerable years. Vice-President of the Manitoba Curling Association 1947-48. Chairman of the Board of Stewards, Clerk of Sessions of the United Church, a past District Deputy of the Masons and Chairman of his Group for the Consols Playdowns.

SID A. HENDERSON was born in 1887 at La Riviere. Attended school there and at Manitou. Played his first game of curling in the Patriotic Bonspiel of 1915, liked it, and decided that it was a game worth playing. Went overseas in 1915 and after returning in 1918 resided in Saskatchewan for several years. On his return to Winnipeg joined the Heather Club in 1928. Was elected Secretary 1934-37, Vice-President 1937-38 and President 1938-39.

Served on several of the Committees and was appointed Secretary in 1941-46 and again in 1953 to the present date. Now Secretary-Manager of the Heather Club and will have served twenty-seven consecutive years on the Executive Committee at the close of the present season.

Sid says his career in the Game seems rather drab but anyone who has ably served his club for this length of time knows that so many different angles crop up that it makes it anything but dull.

MIKE KAMINSKY, born May 1st, 1893, settled in the Qu'Appelle Valley near Kelliher where he resided until 1937, with the exception of short periods spent at schools in Saskatoon and Winnipeg. He commenced his curling career at Kelliher in the year 1925 and soon was attending bonspiels in the surrounding towns.

Soon after arriving in Winnipeg he joined the Grain Exchange Curling Club and held practically every executive position from Secretary to President and is now an Honorary Life Member of that club.

Mike became a member of the Executive Council of the Association in the 1949-50 Season and appointed Chairman of the Finance Committee (or Minister of the Exchequer as he was called by his fellow workers) in 1951 and served as Chairman and the driving force of that Committee until his elevation to First Vice-President in 1957-58. President of the Association for 1958-59 and during his year made many country visits.

Mike has been a rancher and farmer and is still operating by remote control his extensive farming interests.

He has won trophies in several Saskatchewan bonspiels but his many attempts to win one in the "World's Greatest" have so far not proved successful.

In private life Mike is President of Black and Armstrong and of Redwood Investments Ltd., a Director of several financial organizations, but always can find time to devote his surplus energies to anything that will boost his favourite game, to which he has contributed a huge amount of time and energy.

(a) When it has not been previously played upon.

(b) When, since last played on, it shall have been sprinkled with water over the entire ice surface, before freezing.

(c) Shaving off nodules or protuberances from the surface of the ice, or the application of any mechanical operations, having for their object the bringing of the ice to a true and correct level, shall not be held as degrading ice otherwise entitled to be called new or virgin ice; but such operations must be carried on under the direction of the umpire.

(d) In no such case shall any special preparation of the ice be made, intended or calculated or having for its object to facilitate the making of any particular shot, or to otherwise pervert the ice surface from the true and correct level.

3. While the main object of matches between clubs is to determine their relative skill in the game, it should ever be borne in mind that the ultimate object of curling is to develop a MANLY RECREATION, and to promote goodwill, kindly feeling, and honorable conduct among those who take part in it; and this sentiment should influence both the interpretation and the application of all the rules.

4. Rinks shall be laid out in accordance with the Points Diagrams given for the game herewith. Within the 12-foot circle, a circle 8 feet in diameter shall be drawn around the tee and a centre line or score from the hack to the hog score.

5. Lots shall be drawn for the order of playing; each competitor shall change position one place after each round, thus: The first player to be the last in playing next round, and the second player to be the first at the next, and so on. Each competitor shall use two stones, and play them, the one immediately after the other, and shall not during the competition change the side of a stone, or the stone itself, unless it happens to be broken.

6. Every competitor to play four shots at each of the nine following points of the game, viz.: Striking, Inwicking, Drawing, Guarding, Chap and Lie, Wick and Curl In, Raising, Drawing Through a Port, and Chipping the Winner, according to the following definitions and each successful shot shall count as hereinafter provided:

(a) STRIKING—A stone placed on the sweeping score, and with its inner edge 2 feet from the tee. If struck to count 1; if struck out of the 12-foot circle to count 2.

(b) INWICKING—One stone being placed on the tee, and another with its inner edge 2 feet 6 inches from the tee, and its fore-edge on a line drawn from the tee at an angle of 45 degrees with the centre line; if the played stone strike the latter on the inside, to count 1; if it perceptibly moves both stones, to count 2.

(c) DRAWING—If the stone played lies within or on the 12-foot circle, to count 1, if within or on the 8-foot circle to count 2.

(d) GUARDING—A stone, to be guarded, placed with its fore-edge on the tee. If the stone played rests within 6 inches of the central line to count 1; if on the line to count 2.

(e) CHAP AND LIE—If the stone placed on the sweeping score with its inner edge one foot from the tee, be struck out of the 12-foot circle, and the played stone rests within or on the same circle, to count 1; if struck out of the 12-foot circle, and the played stone rests within or on the 8-foot circle, to count 2.

(f) WICK AND CURL IN—A stone being placed with its inner edge 6 feet distant from the tee, and its fore-edge on a line making an angle of 45 degrees with the central line; if the stone is struck and the played stone curls on or within the 12-foot circle, to count 1; if struck and played stone rests on or within the 8-foot circle, to count 2.

(g) RAISING—A stone played with its centre on the central line and its inner edge 8 feet distant from the tee; if struck within or on the 12-foot circle, to count 1; if struck within or on the 8-foot circle to count 2.

(h) DRAWING THROUGH A PORT—One stone to be placed with its inner edge on the central line, 10 feet in front of the tee, and another stone placed parallel thereto, and with its inner edge 2 feet from the central line; if the played stone passes between these two stones without touching either, and rests within or on the 12-foot circle, to count 1; if within or on the 8-foot circle to count 2.

(i) CHIPPING THE WINNER—A stone being placed on the tee and another 10 feet distant, and with its inner edge just touching the central line, and half guarding the one on the tee, and a third stone being placed 4 feet behind the tee, with its inner edge touching the central line, but on the opposite side from that on which the guard is placed; if the played stone strikes the stone placed behind the tee, to count 1; if it strikes the stone on the tee, to count 2.

N.B.—In the event of two or more competitors gaining the same number of shots, they shall play four shots at "WICK AND CURL IN."

7. If the competition cannot be decided by these shots, the umpire shall order one or more points to be played again by the competitors who are equal.

8. In the Point Game, the Rinks may be swept as often as required during the intervals between the playing of the stones. A player may sweep his own stone, no other person being allowed to do so, and no person shall be allowed to direct the player, except to hold the broom as the player directs.

NOTE—It will save much time if, in playing for local prizes, two rinks be prepared lying parallel to each other, the tee of one being at the reverse end of the other rink. Every competitor plays both stones up the one rink and immediately afterwards down the other; finishing thus, at one round, all his chances at that point.

It will also save much time if a code of signals be arranged between the marker and the player such as: The marker to raise one hand when one is scored, and both hands when two are scored. In the case of a miss both are to be kept down.

BRITISH CONSOLS TROPHY

The Macdonald's Brier Trophy was presented to the Manitoba Curling Association by Macdonald Tobacco Company in 1925 for annual competition in the association bonspiel. In 1925 and 1926 the rink winning the trophy was taken east on a good-will tour as guests of Macdonald Tobacco Company. From 1927 the rink winning the trophy represented Manitoba in the Dominion Curling Championships at Toronto. In 1936 the name of the trophy was changed from "Macdonald's Brier" to "British Consols" to correspond with trophies given in other provinces for Macdonald's Brier Tankard representation.

FIRST—Four Cocktail Trays.
SECOND—Four Muffin Dishes.

RULES

1. Eligible for the competition are rinks from club affiliated with the Manitoba Curling Association and all competitors must be active playing but not Associate members of the club they represent for the current season.

Rinks composed of players from more than one club are not eligible and cannot enter by dropping a member of the rink.

2. Eligible for the final playdowns commencing in Winnipeg, February 13th, 1961, shall be:

(b) Rinks reaching the semi-finals of the Henry Birks Competition in the Manitoba Curling Association Bonspiel held in Winnipeg.
(c) Rinks reaching the semi-finals of the Eaton Competition of the Association Bonspiel held in Winnipeg.

3. The club from which the winning rink is entered shall hold the British Consols Trophy for one year, and the winning rink shall be eligible to represent the Manitoba Curling Association in competition for the Macdonald's Brier Tankard Canadian Curling Championship.

4. In the event of the winning rink being unable to represent the Association in the Canadian Curling Championship, the Executive Council of the Association will nominate a rink from those finishing highest in the competition.

MANITOBA SCHOOLS' BONSPIEL

DECEMBER 28th, 29th, 30th, 1959

Don Pottinger (Skip)

Bruce Hoffman

Jimmy Poole

Reid Lumbard

A record of 284 rinks entered the 21st Manitoba Schools' Bonspiel held in Winnipeg during Christmas week, on ice donated by the various clubs in the city. The teams competed for the four trophies donated by the Free Press, Tribune, Standard Broom and Dan Davidson, as well as for the Victor Sifton Trophy emblematic of the Provincial Championship and entitling the winner to represent the Province of Manitoba at the Canadian School Championship in Noranda, Quebec, in late February.

The rink composed of Reid Lumbard, Jim Poole, Bruce Hoffman, with Don Pottinger as Skip, from the Brandon Collegiate, went through the Bonspiel without a loss and were winners of the Free Press Trophy. They upheld their record in the Playdowns and earned the right to represent Manitoba in the Canadian School Championship. By winning the Provincial representation they were also winners of the Victor Sifton Trophy. The Manitoba representatives playing in the Canadian Championship found the games somewhat more competitive; the quality of curlers from the different Provinces is becoming better year by year and although our boys did not win the grand prize, they were possibly the most popular rink at the finals. They were good sports.

During the Christmas Bonspiel all participants were entertained at a first class stage show and a buffet lunch by the Pepsi-Cola Company of Canada Ltd., in the Winnipeg Auditorium.

The eight rinks competing in the Provincial Playdowns were dinner guests of the Winnipeg Free Press prior to the playing of the four finals. At the conclusion of the final games at the Granite Rink, individual trophies, in addition to the regular prizes, were presented to the winners and the other winners received their prizes.

The Trophy winners were:

UNITED STATES NATIONAL CURLING CHAMPIONS

We quote from the *Walsh County Record* (W. E. (Ed) Balkee):

"They were turned back in their first bid. They failed again last year, but came mighty close. But, with the tenacity of true champions, they roared back this year and were not to be denied. The Orvil Gilleshammer rink of the Grafton Curling Club, having won the North Dakota state title for the third consecutive year, approached the United States national championship round-robin tournament with a confidence born of the years of tough competition as an integrated rink. This well-placed trust in each other, and the obvious ability to take all the breaks—good or bad—in stride carried them through a near perfect performance in the nine matches they played in the period March 2, 3, 4 and 5. They achieved eight victories, several of them by lop-sided scores, and suffered only one defeat."

This rink has repeatedly entered our Spiel where, to use Don's word, "we're just here for experience," and they certainly have capitalized on knowledge gained through their entries into the "World's Greatest."

The Grafton Club are members of our Association and we feel it only fitting that we should reproduce their picture in our Annual—offer them the congratulations of all Canadian Clubs in our Association and warn our boys to watch out for them in future Spiels.

EATON'S Presents...

THE
BRITISH
ACCENT

IN FASHIONS
FOR MEN

A new look, a bold look . . . the British Accent . . . it looks back on tradition and brings it up to date! It presents a greater emphasis on slim, trim styling and offers you a more imaginative use of classic fabrics. The British Accent . . . see it now in EATON'S Hargrave Shops For Men!

THE SUIT . . . with the shoulder, natural in expression, a mild cut-away in front, and a hint of suppression at the waist. The trousers are slimmer, trimmer! And of course, the vest, a climactic touch to the new look.
